premium promotional sunglasses in superb quality

custom-made in around 3 weeks* and from only 250 pieces

As specialists we will help you get the best possible promotional sunglasses solution, even if you are on a budget or on a tight time frame. Our design team can create great visuals fast, so you know what you will get before we start producing the sunglasses especially for you.

The team in the production department is also very skilled and will make sure that every pair of sunglasses is made according to your specific design. And they do it fast!

All our frames have been tested and certified according to EN ISO 12312-1:2013 and all the lenses we use provide UV400 protection, even the clear ones!

The plastic frames are made from strong Polycarbonate plastic. The metal frames are made from the best possible materials and plated or painted according to your wishes. Hinges are always very sturdy and can even be made with springs on certain models.

*Some options might have longer lead-times, quantities above 10000 pieces can lead to longer lead-times. We can even deliver faster if required! Always ask!

MADE IN PRC, PP, PHOTOCHROMIC, 100% POLYCARBONATE

print your logo

Add your logo to the outside or the inside of the temples and on the lenses. For the metal sunglasses we offer laserengraving of the logo on the temples** or logo print on the lenses, either a simple logo or a pinhole film.

- transferprint
- inside padprint
max 2 colors
- outside silkscreen
max 6 colors
- outside silkscreen
area

** Laserengraving 50,0 x 1,5 mm only available on rectangular temples, not on round ones.

decorate the sunglasses

Make your plastic sunglasses stand out even more. Add nice decoration on the outside of the sunglasses or all-over.

Check out the new technique of printing using transfer on the outside of transparent temples and covering the outside with a solid color. A subtle but great effect.

choose some extra options

These are specific to some models.

flexible
springhinges
koloro only

metal hinge
koloro only

with oval
without oval
koloro only

flexible metal
springhinge

and add some nice extra's

Create extra commercial value by adding an all over printed pouch or add a nice full-color printed hangtag, neckband or cleaning cloth. Or have your logo printed on the polybag or use your own UV400 CE sticker design^{oo}.

Looking for more customization?

Let us help you with your own custom sunglasses.

Ask for more information.

^{oo}The minimum for own polybag and sticker is 10000 pieces.

kolibri sunglasses

A nice sophisticated model that fits the trendy people very well. Make it in your own color, with a transparent finish or a plain glossy finish. Matte and rubber finishes as well as metallic finish and glow-in-the-dark are of course also possible. The minimum is only 250 pieces.

NEW!

kintaro sunglasses

Round as well, but more robust. Trendy with a bigger printing area on the temples. All options are available, so create your own cool pair of round sunglasses. The minimum is only 250 pieces.

NEW!

kameleon wood sunglasses

The all-time favorite plastic model in different faux wood prints, almost real wood. Because the sunglasses are made to order we can use glossy finish, so that it looks like a varnish over the wood. Or use matte finish, so that it looks like sanded wood or use a rubber finish, for a soft velvet touch. Add your favorite lenses and print as well of course. The minimum is only 500 pieces.

koloro fold sunglasses

The most popular model in a foldable version. Easy to carry and with similar brand exposure. The foldable spectacles come delivered just as any other Koloro pair of sunglasses, unfolded packed in a polybag and packed in a white carton. The minimum is only 250 pieces.

koloro sunglasses

The most popular model with almost unlimited possibilities. Create the ultimate pair of sunglasses using many customization options. From different finishes of the temples and frame to colored lenses or colored mirror lenses, adding full-color pinto film, printing all over the outside of the temples and frame or even create a pattern print all around. Printing can be done in many colors and very big as well. The minimum is only 250 pieces.

koloro kids sunglasses

The same Koloro sunglasses but in a smaller size. Almost the same options for customization as the normal version. Create your own frame style with many finishing options, add normal, gradient or mirror lenses and print the temples, the frame and even the lenses, just like the big brother. We can of course also package the kids sunglasses just like the normal one and in adjusted size if so desired. The minimum is only 250 pieces.

kommander sunglasses

Sunglasses with a high quality plastic frame and a metal ring around the lenses making it a more luxurious pair of spectacles. Great for prestigious brands that target hipsters and followers. These sunglasses will be used for a long time. Any color frame and possibilities enough for adding brandnames and logos. The minimum is only 250 pieces.

kaptain sunglasses

A plastic version of the aviator sunglasses. In the same great quality as the other plastic sunglasses of course and with almost the same customizing options. Create any color and use any lens possible! Print your logo on the temples inside or outside, add a logo on the lens or add pinhole film onto the lenses. All is possible and from only 250 pieces.

azura sunglasses

Flowerchild style round metal sunglasses. Groovy man. Select your favorite metal plating and your favorite lenses, print a logo on the lenses and groove on... Peace. Add springhinges for more comfort. Yeah. The minimum is only 500 pieces.

NEW!

apollo sunglasses

The new cool metal sunglasses. A more rectangular shape that fits nicely. The metal frame can also be made in different platings like silver, gold, gunmetal or copper, but painted in a color is also a possibility. The temple tips can be black only. Add lenses in normal, gradient or mirror style. The minimum is only 500 pieces.

NEW!

aviator sunglasses

The ultimate pair of sunglasses; simple, still trendy, lightweight and superb quality. The metal frame can be made in different platings like silver, gold or copper, but painted in a color is also a possibility. The temple tips can be black or brown. The lenses in normal, gradient or mirror style. Put a small but clear logo on the lens and even laserengrave a logo on the inside or outside of the temples for even more subtle brand recognition (only available when adding springhinges). The minimum is only 500 pcs.

aviator kids sunglasses

The metal classic model is also available in the smaller size. With all the same options as the bigger version. The minimum is only 500 pieces.

NEW!

vualo pouches

Pouches in standard colors with silkscreen print or all-over printed in any color and any design possible. Simple, but very effective packaging. Very large extra advertising space adding a lot of extra brandvalue. We can of course also package the sunglasses into the pouch. The minimum is 250 pieces.

vivido neckbands

The neoprene neckbands that keep the sunglasses where they need to be. Ideal for skiing, surfing, running, cycling, but also hiking and even walking. All over printed so an extra large advertising space with many possibilities. The minimum is only 250 pieces.

vivido round neckbands

The new round neckband woven in maximum 3 colors with a stopper and optionally a logo label added. Ideal for skiing, surfing, running, cycling, but also hiking and even walking. Or let your sunglasses hang around your neck for a while. The minimum is only 250 pieces.

NEW!

veluro cleaning cloths

The microfiber cloth with all over printed designs. Packed in a polybag, folded or unfolded. Easy to add to a pair of sunglasses adding a big extra advertising space often used to clean the lenses! The cloths can also be used to clean phones, tablets and computerscreens of course. The minimum is 250 pieces.
